

I CLAIM:

1 1. A carry bag of substantially cylindrical configuration
2 having an open first end and a closed opposite second end to
3 hold a rolled yoga mat inserted through said first end, with
4 said closed second end being yet air permeable to ventilate said
5 mat when placed within.

1 2. The carry bag of Claim 1 wherein said carry bag is
2 composed of a non-synthetic material.

1 3. The carry bag of Claim 1 wherein said closed second end
2 of said carry bag comprises a crocheted end cap.

1 4. The carry bag of Claim 1 wherein said carry bag is
2 composed of a non-synthetic material having a closed second end
3 comprised of a crocheted end cap.

1 5. The carry bag of Claim 1 wherein said carry bag is
2 composed of a non-synthetic fabric having a closed second end
3 comprised of a crocheted end cap.

1 6. The carry bag of Claim 5 wherein said non-synthetic
2 fabric is selected from the group of cottons, velvets, velours,
3 silks, brocades and tapestries.

1 7. The carry bag of Claim 5, including a drawstring at said
2 first end for closing said carry bag in protecting a rolled yoga
3 mat within against such environmental elements as rain, sleet
4 and snow.

1 8. The carry bag of Claim 5, including a shoulder strap on
2 an outside surface of said carry bag extending between top and
3 bottom portions thereof.

1 9. The carry bag of Claim 1 wherein said carry bag is
2 composed of a non-synthetic fabric having a closed second end
3 comprised of a crocheted end cap, and including a shoulder strap
4 on an outside surface of said carry bag extending between top
5 and bottom portions thereof.

1 10. The carry bag of Claim 5 wherein said non-synthetic
2 fabric is composed of one of a rich color and pattern display.

1 11. The carry bag of Claim 5 wherein said non-synthetic
2 fabric is of a floral, batik, and nature scene display.

1 12. The carry bag of Claim 10 wherein said non-synthetic
2 fabric is of a cotton composition.

1 13. The carry bag of Claim 5 wherein said carry bag is one
2 of substantially 9" x 29" and 11" x 33" diameter and length

3 dimensions, respectively.

1 14. The combination comprising:

2 a carry bag of substantially cylindrical configuration
3 having an open first end and a closed opposite second end; and

4 a rolled yoga mat inserted through said first end into
5 said carry bag;

6 with said closed second end of said carry bag being
7 yet air permeable to ventilate said inserted yoga mat.

1 15. The combination of Claim 15 wherein said yoga mat when
2 unrolled is of a length of 5' - 6' and of a width of 3' - 4'.

1 16. The combination of Claim 15 wherein said yoga mat is of
2 a thickness of 1/8" - 2".

1 17. The combination of Claim 14, including a drawstring at
2 such first end for closing said bag in protecting said mat
3 against such environmental elements as rain, sleet and snow.

1 18. The combination of Claim 14, including a shoulder strap
2 on an outside surface of said carry bag extending between top
3 and bottom portions thereof.

1 19. The combination of Claim 18 wherein said carry bag is
2 composed of a non-synthetic fabric.
